We were assisted in our travel by Ms. Shaily. She was honest and very transparent. She did good research and her inputs and insites were of great help. She was very patient to our ever changing plans . Her selection of hotels was personalised to our needs and taste. Even during our travel , I bothered her sometimes with some extra things and she was helpful. Also our trip was amazing - all thanks to her planning.

Turkey for a 8 days with family members including kids and elderly. Journey Partner arranged the whole trip including flight tickets, hotels, transfers, local guided tours etc. Overall the trip was fabulous. It was customised according to our preferences and comfort. Communication with India and local Turkey team was seamless and very prompt. We booked with Journey Partner so that we don't have to worry about anything and that's exactly what happened. It was a complete worry free and mesmerising holiday. Thank you so much for countless beautiful memories. Highly recommend and we will definitely book again. Thanks

Switzerland 2024! From the start, Shaily and her team were very co-operative. Customised tours were something new for us as a couple so they guided us ever so well with everything. They chose apt hotels for us to stay keeping in mind mode of transport and gave the best options depending on the day and city. And there was an everyday reminder too about important things to do. Overall, she and her team were amazing and I can't thank them enough for the trip!
